## HELPFUL HINTS FROM THE HEALTH OFFICE

Finally the warm weather is upon us! I know it is tempting to break out the “summer wear,” but there will still be some cool days ahead. Layers are best to keep all comfortable both inside and outside of school.

Remember, if your child is sick with a fever or stomach ailment, please keep them home. They must be fever free (without medication) and without stomach symptoms for 24 hours before returning to school. Please reinforce cough etiquette. We all want to enjoy the spring-like weather.

Another reminder is the need to protect the children/staff with nut allergies. Unfortunately, these children have no choice of their allergy, so we need to do our best as a school community to keep them safe. At no time is there to be any nut products brought into the school. Please refer to the Allergy Policy on the School District’s website or contact me with any questions.
