Author Visits BES Students

Thanks to a district-awarded mini-grant secured by BES teacher, Mrs. Kiriakopoulos, and the first grade team, BES first grade students were treated to a visit from the prolific author and life-long teacher, Brian J. Heinz. Gathering the students in front of him in the school library, Mr. Heinz shared all about his travels into the wilderness to observe nature, collect specimens, and to learn about different cultures. He also shared sketches from his journals that he uses to

develop ideas for his books. Students examined animal pelts, animal skulls, and jawbones in addition to hearing a story read aloud by the author himself. Mr. Heinz visits us again in the spring to share even more about his experiences as an author!

With the winter weather rolling in, so too come the winter coats, hats, gloves, etc. Be sure that all of your child's belongings are **labeled with first and last names.**

HOUR OF CODE

This week's Hour of Code introduced students to the basic concepts and skills needed for computer programming.

Go to www.hourofcode.com for additional information.

Upcoming December Events
