Dear Parents / Guardians:

The NYS English Language Arts (ELA) Assessment will be administered April 11-13, and the NYS Mathematics Assessment will be administered May 1-3. The NYS Science Assessment (Grades 4 and 8 only) will be administered on May 23rd (Performance Assessment) and June 4th (Written Assessment). We encourage all students to participate in the NYSED assessment program. While no one data point can ever provide a complete picture of a student, the data produced from these assessments is useful in helping us to evaluate the effectiveness of our programs and practices and to measure the growth of our students.

We do also understand and recognize that in recent years some families have chosen to not participate in the NYSED assessment program. This year, to properly plan and to best provide an environment that meets the needs of all of our students we are asking that you communicate your intent to us using the survey below.

Please check any appropriate options below and return the completed form back to your child's teacher as soon as possible.

Please complete a separate form for each child in your family.
